

## Akins Creative Campus Profile

### Results for 2016-2017 School Year: Arts Emerging-2

Based on the data provided in the Arts Inventory by the campus principal in the spring of 2017, Akins was found to be an **Arts Emerging-2** campus. Inventory responses and the associated Campus Creative scores are listed below. More information about how the Creative Campus score was calculated can be found on the following page.

#### Primary Creative Campus Components

	Response 2016-17	Score 2016-17	Change from 2015-16*
<b>1. Sequential Fine Arts Instruction</b>			
% of students taking the prescribed amount of fine arts classes during their tenure at your school	85%		
% of students exceeding the prescribed amount of fine arts classes during their tenure at your school	42%	1.5	↓
<b>2. Creative Teaching Across the Curricula</b>			
% of general classroom teachers who use creative teaching strategies or arts integrated instruction at least once a week	10-24%	1	=
<b>3. Community Arts Partnerships</b>			
Departments coordination partnerships during school time	1 Non-FA department	2.5	↓
Calculated # of hours of arts exposure per student during the school day	6.56		
<b>4. After School</b>			
# of art forms in which after school opportunities are offered for more than one ability level (e.g., beginning, intermediate, advanced)	5	4	=
<b>Average score of components 1 through 4</b>		<b>2.25</b>	<b>↓</b>

#### Additional Creative Campus Components

	Response 2016-17	Score 2016-17	Change from 2015-16*
<b>5. Community Building Through the Arts</b>			
Number of campus created arts experiences this year to engage families, faculty, and community [Criteria ≥ 10]	15	Yes	=
<b>6. Leadership</b>			
Arts goals and strategies are included in the Campus Improvement Plan (CIP) [Criteria = Yes]	Yes	Yes	↑
<b>7. Communication</b>			
Frequency of school communication to families about the value of creative learning in person or through print or social media [Criteria ≥ Once per semester]	At least monthly	Yes	=
<b>8. Professional Development</b>			
Percentage of teachers who participate in creative teaching or arts integration professional development [Criteria ≥ 50%]	Less than 50%	No	=
<b>9. Facilities</b>			
Campus facilities meet the 2008 Fine Arts Education Specifications or sufficiently accommodate arts programming [Criteria = Meets standard or able to make accommodations]	meets standard	Yes	=
<b>Total number of additional criteria met</b>		<b>4</b>	<b>↑</b>

\*Note: "↑" denotes increase, "↓" denotes decrease, "=" denotes no change, and "n/a" denotes an impossible comparison due to missing data or a change in criteria.

### Akins calculation:

Avg of primary 4 components	2.25
Points earned/lost for additional components: from # of additional components met:: 4	0.5
<hr/>	
Primary average +/- additional components	2.75
Arts Richness Score:	Arts Emerging-2

### What Does it Mean to be an Arts Emerging-2 Campus?

Though your campus doesn't yet meet the full criteria of a Creative Campus, it is on that path since it qualifies as arts emerging. In arts emerging school, many students receive sequential fine arts instruction, less than half of teachers use creative teaching strategies at least once a week, and some community arts partnerships are cultivated both during and after school. To improve, encourage all teachers to attend CLI professional development and implement creative teaching regularly, develop new community arts partnerships in additional grade levels, and communicate more frequently with families about the value of creative learning.

### Why does AISD Measure Creative Campus Scores for its campuses?

National research on creative learning shows that students attending arts-rich schools have higher levels of motivation and better academic and social success (Dwyer, 2011). In addition, prior research into the Creative Learning Initiative (CLI) in AISD indicated that the implementation of creative teaching strategies is related to increased levels of student engagement, attendance, greater academic achievement, and social emotional skills (Christian, Hasty, & Wang, 2017). Current AISD findings indicate that 36% of our secondary schools are already Creative Campuses (Figure 1). Because the arts benefit students academically and creatively, AISD, in collaboration with the City of Austin and MINDPOP, is strategically working towards achieving Creative Campuses for all students by 2022-2023 (MINDPOP, 2012).

Figure 1.

In 2016-2017, approximately half of AISD secondary schools had characteristics of being Arts Emerging, and 36% were Arts Involved or Arts Rich.

## Calculation of Creative Campus Score

The Creative Campus score is calculated as the average of the primary four components (Sequential Fine Arts Instruction, Creative Teaching across the Curricula, Community Arts Partnerships, and After School) plus points earned (or lost) from the additional five components (Community Building through the Arts, Leadership, Communication, Professional Development, and Facilities).

Description of points earned/lost from additional five components:

- If # "Yes"=0, then -1 point
- If # "Yes"=1, then -0.5 points
- If # "Yes"=2 or 3, then 0 points
- If # "Yes"=4, then +0.5 points
- If # "Yes"=5, then +1 point

$$\text{Avg +earned/lost} = \text{Creative Campus Score}$$

Creative Campus stages by final score:

- ≥ 4 = Arts Rich
- 3-3.99 = Arts Involved
- 2-2.99 = Arts Emerging -2
- 1-1.99 = Arts Emerging -1
- <1 = Arts Uninvolved

## Additional information

### Creative Campus Goals at Akins

Each year, school leaders develop a Campus Improvement Plan (CIP). Despite there being no district requirement to do so, in 2016-2017 77% of secondary schools made CIP goals related to becoming a more Creative Campus. Akins set the following goal: *"Fine Arts teachers will rotate PD's of all core subjects throughout the year. Offer at least two opportunities per semester for all students to exhibit/showcase their fine arts learning in the community."*

At the end of the year, school leaders reflected on their progress, as follows:

**Progress:** "Completely accomplished"

**Challenges:** "A challenge we encountered in accomplishing our arts goals was finding common planning time to collaborate on building a successful product. Fine Arts and Humanities on our campus are very diverse entities and although we are able to create and exhibit individual presentations within our own departments, the challenge of not sharing planning time can sometimes prevent us from aligning our goals. However, we were able to collaborate during our staff development"

**Successful Strategies:** "Some helpful steps in achieving our arts goals include finding mentors within our disciplines that could provide professional insight into our exhibits/showcase that we were working on with our students. Many of our community partners were able to share their expertise with not only our students but with our faculty as well. We also allowed ourselves time to develop our skills that would have an impact on our end product."

### Distribution of Arts Partners by Subject Area at Akins

As schools engage with community arts partners they distribute those experiences across different departments, different grades and representing different art forms and different cultures. These calculations are provided to help reflect on the current distribution of arts partners and art form to help guide future choices.

	English	Math	Science	Social Studies	Foreign Language	Music	Visual Arts	Dance	Theater	Media Arts
of arts partners	0	0	0	4	0	5	2	1	1	4
# of art forms	0	0	0	2	0	1	2	1	1	2
