

## 2011-2012 AISD Parent Survey Kiker Elementary School

Strong relationships among staff, students, and parents are critical to student success. In particular, parent involvement in education is associated with a high level of student achievement (for a meta-analysis see Fan & Chen, 2001). These survey results provide campuses with feedback on how parents feel about their treatment by school staff, the school's educational environment, and various school-based opportunities parents would like for their children. The following report contains the results of the 2011-2012 Parent Survey for Austin Independent School District (AISD) for Kiker Elementary School. The district report can be found at: <http://www.austinisd.org/dre/district-campus-surveys#parent>.

#### New Federal Standards for Collecting and Reporting Ethnicity and Race

Starting in 2010-2011, districts were required to report race and ethnicity using revised standards. The new standards require a person to first select his/her ethnicity (Hispanic/Latino or non-Hispanic/Latino) and one or more of five race values. Since more than one race value may be chosen, percentages might not add to 100.

Note. Students' grade and ethnicity were self-reported. Population data reflect enrollment as of the October 2011 PEIMS snapshot date.
