#### Federal Standards for Collecting and Reporting Ethnicity and Race

Starting in 2010-2011, school districts were required to report race and ethnicity using revised standards. The new standards require a person to first select his/her ethnicity (Hispanic/Latino or not non-Hispanic/Latino) and one or more of five race values. Since more than one race value may be chosen, percentages may not add to 100.

Note. Students' grade and ethnicity were self-reported. Population data reflect enrollment as of the October 2014 PEIMS snapshot date. Responses to items may not total 100% for various reasons including participants not answering a question.
