WEBB MIDDLE SCHOOL

2016-2017 COORDINATED SCHOOL HEALTH REPORT

Principal: Raul Sanchez

Physical education teacher: Logan Slaydon Quevette Terrell Jaime Delagarza

CSH team member: Jaime De La Garza

Results

Coordinated School Health (CSH) Program implementation data were collected from each Austin Independent School District (AISD) campus in Spring 2017. The results indicated that Webb Middle School received a rating of **Exemplary** for the CSH Program implementation in 2016–2017. Campus results will be reflected in the District's strategic scorecard and the House Bill 5 ratings, i.e., the School District Evaluation of Performance in Community and Student Engagement for wellness and physical education (TEC §46 (C) 39.0545).

CSH Implementation Summary	Score/Rating
Total achieved (of 18) required	18
Total achieved (of 60) supplemental	52
Total (of 6) Healthy Fitness Zones areas with "increased" status since the prior school	4
year	т
2016-2017 CSH Rating	Exemplary

Source. 2015 AISD CSH Program Report

The rating scale¹⁹ was based on identified activities that support coordinated school health efforts. There were 18 required and 60 supplemental opportunities for campuses to meet or exceed the AISD CSH Program standards. All campuses submitted enough data to be rated. Webb Middle School achieved 18 required and 52 supplemental items during the 2016–2017 school year.

One component of the supplemental credit earned was for yearly Fitnessgram improvement. The Fitnessgram measure includes a variety of health-related physical fitness tests that assess aerobic capacity, muscular strength and endurance, flexibility, and body composition. Scores from these tests are compared with healthy fitness zone (HFZ) standards to determine students' overall physical fitness.

AISD campuses are encouraged to use their results to set goals for their Campus Improvement Plan.

¹⁹ Rating scale: unacceptable – achieved less than the 18 required items; acceptable – achieved all 18 required and 19 or fewer supplemental items; recognized – achieved all 18 required and 20-37 supplemental items; exemplary – achieved all 18 required and 38 or more supplemental items.

Coordinated School Health Item Implementation Inventory

Implementation of PE	Webb Response	% Yes All Middle Schools
* PE teacher(s) planned and implemented physical education lessons on a weekly basis that included 50% (or more) Moderate to Vigorous Physical Activity (MVPA).	Yes	100%
* At least 85% of the students were assessed for Fitnessgram.	Yes	100%
* PE teacher(s) are certified in CPR/First Aid and AED.	Yes	100%
* All PE teachers followed the district PE curriculum and assessments.	Yes	100%
* All 8th graders have completed 4 semesters of PE or PE substitution.	Yes	100%
The PE teacher(s) followed the National PE Appropriate Practices.	Yes	100%
The PE teacher(s) maintained the required PE inventory and materials.	Yes	100%
The PE teacher(s) used instructional technology (i.e. projector, laptop, other) in a lesson at least once per week.	Yes	95%
At the beginning of each PE course, parents were informed of units to be taught and assessed, FitnessGram information, and requirements for dressing out for class.	Yes	100%
Other (please specify):	Yes	63%
CSH Planning		
*The principal established a CSH team.	Yes	100%
The CSH team included at least one administrator.	Yes	100%
The CSH team included teacher representatives from each grade.	Yes	63%
The CSH team included at least two students.		74%
The CSH team included the cafeteria manager.	Yes	84%
Campus leadership purchased CSH equipment for before- and after-school physical activity programs or opportunities (i.e. advisory, intramurals, and/or lunch, excluding athletics).		89%
The campus leadership established a Student Wellness Team.	Yes	89%
Other (please specify):	Yes	53%
How many times did the CSH team meet this year?	3 times	(See Figure
